Moreland Primary School

Reaching higher than I dreamed, becoming the person that I want to be,
doing the best I can for the world and for me.

11th October 2022

Dear Parents and Carers,

Deputy Head Teacher's News

I am delighted to be writing my first newsletter for Moreland. As you know, I just started in September and I feel so welcomed by you all, the lovely children here and the Moreland team. Many, many thanks!

One of our focusses this term has been on having a reflection time during our assemblies. We light a candle, listen to music and think about the Moreland Vision:

'Reaching higher than I dreamed, becoming the person that I want to be, doing the best I can for the world and for me'.

It has been lovely to share this time together.

The children have been busy applying for jobs, school council and Head Girl and Head boy. The voting took place yesterday and the children learned about the democratic process in class and assembly. We will be announcing the winners and successful job applications very soon!

The teams we have are: Eco Team, Wellbeing Team, Junior Farmers, Playground Pals, Digital Leaders, school council and Head Girl, Head Boy, Deputy Head Girl and Deputy Head Boy.

One of the things I love about Moreland School is the fact that there is a mini farm here! I love the chickens, rabbits and guinea pigs and vegetable garden. I look forward to seeing how well our junior farmers look after the farm.

I have very much enjoyed visiting classrooms, watching lesson, speaking with and eating lunch with the children at Moreland Primary school. Behaviour across the school is excellent. The children are respectful and kind. They truly do follow the Moreland Way of being 'Ready, Respectful and Safe'. This is a tribute to you as parents and carers - you should be very proud!

Harvest Celebration

It is that time of year when we come together to celebrate all the world provides us: crops, animals, food and water. We are collecting food items for the Harvest Celebration that we will then share with the St Luke's Centre to distribute amongst our community. Vicki Davies from St Clement's was our guest on Monday to lead on a reflection of thankfulness. Our Year 4 pupils have organised the harvest collection, contacted St Luke's centre and will be taking the food up to them once collected. A big thank you to Milly and Muhammed and their classes for working so hard to make this happen. We will be collecting food donations until Friday 14th October.

International Evening

It is almost that time of year for International Evening. We look forward to welcoming you all on Thursday 20th October for International Evening. We will be providing live Samba music to kick off the evening. (The children will be having Samba workshops during the day). As well as a musical performance from our children.

The most enjoyable part of the evening is sharing and tasting wonderful food from around the world. Please do bring a dish to share with food reflecting your heritage. I will be deciding on whether to bring a Scottish or Canadian dish to share (or both!). Also, if a few of you parents want together to have a stall to represent a country please speak to me in the playground and we can make arrangements. Remember, all of the family is warmly welcome and there will be games/quizzes for the children.

Best wishes,

Jenny Phillips

Change of contact numbers / Address

If you have changed your contact numbers or address please let us know as soon as possible so we can update our system.

To all Parents /Carers

We had our Harvest Celebration on Monday 10th October and collected donations of food & toiletries to share with our local community.

Thank you to everyone that brought in donations

You can still bring any donations into school until Friday 14th October.

Thank You

Some lovely things that have been happening in our class recently.....

Nursery Willow	In Willow class we have been following our settling process. We have had a fantastic first month in Willow class getting to know our new children. The children have loved exploring the indoor and outdoor setting.
Lilac	Primarily settling into nursery but our topic is 'food and festivals' - reading Baby Goes to Market and Handa's Surprise, fruit and veg printing, baking biscuits, counting songs, sorting autumnal objects.
Reception Pear	In term 1 we have been exploring our environment and settling in. The children have been learning all about how to use the provision, making friends and learning routines. We have been enjoying learning a new poem with actions each week and reading the book Handa's Surprise. We had a go at acting out the story, making fruit smoothies and balancing fruit on our heads! In maths, we have been developing a mastery of number through recognising and representing numbers 1-3.
Beech	This term has been all about settling our children into our EYFS setting. We have been learning all about how to use the provision, making friends and learning rules and routines. This week we have been reading the book Handa's surprise, we have made patterns, tasted fruit, plotted Handa's journey and made smoothies. In our maths learning we have been recognising and representing numbers 1-3.
Year 1 Maple	Maple class have made a fantastic start to the new school year, we have been learning about our world, learning the 7 continents and 5 oceans, identifying stories from around the world and recently creating our own African stories. We are making great progress in maths and have been focussing on addition with in 10 and learning how to use the part whole method.
Olive	Olive class have had a busy start to our Autumn term. For our topic we have been learning about continents, climate and comparing different places in the world. For English we have been looking at stories from around the world and in maths we've been learning about number bonds using the part whole method. Olive class enjoyed their first school trip to Discover where they were immersed in 'The 100 Story Hotel'
Year 2 Cherry	The children started the new academic year very well and are enjoying their learning. In literacy we have been learning how to write different sentence types and we are planning to write a biography about Rosa Parks. In maths we have been working on counting, using concrete representation of numbers to 100. In history we have continued to study the life of some of the famous suffragettes. We have also completed our science topic on Healthy me. We had so much fun finding out about healthy and unhealthy food.
Pine	Pine Class have been settling into Year 2 brilliantly! In maths, they have been understanding place value in numbers up to 1000, and are beginning to put the numbers in ascending and descending order. In English, we have looked at the four sentence types; command, statement, question and exclamation. We have learnt all about the Suffragettes in History and are beginning to learn more about the life of Rosa Parks and her impact on the world we live in today.
Year 3 Palm	In English we have been looking at historical recounts focussing on Nelson Mandela. The children have been learning about place value in maths, numbers up to 10,000. In science we have been looking at magnets and what magnets do, the children had fun designing and making their own magnetic games.
Ash	This term the students have been working hard on an amazing topic in English, Nelson Mandela and his life! The students have been reading his autobiography and discussing the importance of his life to the freedom and equality of south Africa.
Year 4 Birch	In Birch class we have been learning about the Windrush. Children have been reading a novel called Coming to England in English. In science we have learnt about electricity and sound. Children had a go at testing a range of conductors and insulators in their bulb circuits. In maths we have been learning about place value and using the rule of rounding to round numbers to the nearest 10 and 100.
Fir	This term we have been working so hard in their learning. In science we explored electricity; we experimented with circuits and identified different insulators and conductors in the classroom. In literacy, we began reading our book 'Coming to England' and we have written several diary entries from the perspective of Floella Benjamin (the author). In PE we have been playing netball and developing our skills in gymnastics. In netball we recently learnt about the three passes, the over arm, the bounce and the chest passes.
Year 5 Rowan	This term we have been learning about the transatlantic slave trade. We have been learning how it was created, and key abolitionists, such Olaudah Equiano. In Maths we have been looking at numbers, particularly multiplying and dividing by 10, 100, and 1000. In English, we have been preparing to write a persuasive argument.
Sycamore	This term we have been looking at the history of slavery and have been focusing on the trans-Atlantic slave trade. We learnt about Olaudah Equiano and his key role in the abolitionist movement and even took a visit to the Museum of London Docklands. At the museum we visited the London, Sugar and Slavery gallery where we were able to see a number of objects and artefacts that highlighted London's involvement in the slave trade. In English we will be writing a persuasive speech in favour of the abolition of slavery. In maths we have covered numbers to one million and how to round to the nearest ten or hundred. We have also learnt how to multiply and divide by tens, hundreds and thousands using our knowledge of place value to help us.
Year 6 Cedar	Cedar Class have been learning all about Katherine Johnson and her incredible career at NASA. Using the book 'Hidden Figures' and clips from the film as inspiration, the children have written diary entries, performed role plays and have written and published some amazing biographies about her life. This has linked to our history and geography lessons about the Civil Rights Movement, where we have learnt about key events and figures from this time.

Monthly E-Safety Tip for Parents

Remind children to treat others online like they would in the playground.

LOST PROPERTY

The lost property box will be in the playground outside the play centre on the last day of term 21st October.

If your child has lost any uniform please go through the box.

BOOK BAGS

Please make sure your child brings their book bag to school everyday.

They will need it for homework, letters and to take a book home to read.

If you would like to buy a book bag come to the office we sell them for £6.00

Every child should have a book bag in September.

We have noticed quite a lot of nursery and reception parents have still not registered. Please try today it takes just a few minutes!

You can order school uniform on parent mail and pay by card. If you are having problems registering on Parent Mail please see Danielle.
We do not take cash in the office everything is done through Parent Mail.

Unfortunately we have had to increase the prices of school uniform as the company we order from - Brigade has increased their prices.

Please make sure your child is wearing full school uniform every day.
Teachers will be handing out letters to all children that are not.

FREE SCHOOL MEALS

Islington Council offers free school meals to all Nursery and primary age pupils in local schools.

For your child to receive free school meals you must register just go to: www.islington.gov.uk/freeschoolmeals

You may also be entitled to food vouchers in the holidays - £15 per week per child

Please register today in time for the October half term!

THERE'S MORE TO ST LUKE'S COMMUNITY CENTRE

St Luke's Day is a time for locals to meet the staff and trustees and to experience some of the classes and activities we have to offer. In addition to our beautiful building and outside spaces we offer a lot more to the community.

We provide a Lunch Club with a subsidised three course meal for Islington residents over 55. We provide a transport service to support people with mobility or other health issues. Our Men's Shed group offers members over 55 weekly activities such as gardening, day trips, bowling, snooker, darts and more.

We provide after school clubs with a range of activities for children aged 8-11 years. We also have family activities, cookery school classes with cook and eat sessions.

We regularly invite local residents to a Community Feast. Our chef and volunteers put on an evening meal from surplus food which would otherwise go to waste. And there's much more! Come and take a look.

For families with children aged 4+

Our Chef will teach the whole family how to cook every day ingredients to create healthy meals

MEMBERSHIP OF ST LUKE'S - THE AREA WE COVER

Our membership is open to all ages. Our aim is to enable residents to work, play and learn together for mutual benefit and well-being. St Luke's Community Centre has a long history of bringing our community together. We recognise the hardship and isolation many people in inner cities face. The Centre is safe and friendly, fun and vibrant, and offers high quality and varied services and activities available to suit every need and interest.

You can become a St Luke's member for just £5 if you show proof that you live in our Area of Benefit and remain a member as long as you continue to live in this area. The benefits of membership include priority access to free or low-cost services and classes taking place in the Centre (charges and access depend on specific activity), access to special events and activities and access to free after-school clubs, Job Club and Central Street Cookery School classes.
